DISTORTION: 5 hours of underground music at Worlds End Bar & Restaurant, Tauranga!

5 Hours of thunderous underground electronic music will be mixed by 5 top local DJs on Saturday the 3rd of March 2018 upstairs at Worlds End, located in the heart of Tauranga within Fraser Cove. The DJ's for the night will be released a week before the event across social media one by one.

Co-hosting the evening and capturing the action is professional photographer Robbie Hunter from Hunter Photography. Living in Auckland and now mostly shooting fashion, weddings and festivals you can expect artistic club-like images to be uploaded and available to use for profile photos shortly after the event.

Part 3 of 4 in the Distortion series features a huge variety of electronic club music played by local DJs on a massive sound system with big moving light displays and full-colour animation laser shows. Expect trippy visual displays that will bend your brain and a fully stocked bar inside so that you and your mates can get wild for the night.

Addictive DJ's run a highly professional mobile DJ operation covering most of NZ which includes full-time professional DJ's and party planners who are giving New Zealand the best possible DJ's, DJ equipment & service available within the industry today.

The event is strictly over 18 and ID is required upon entry. For tickets and more information visit - <https://adj.nz/events>
